Mar 18, 2022 All details in blog post: Mar 19, 2022 [forums.factorio.com]: GTA V Flash Script Mod V2.6.8 Download [forums.factorio.com] "There's more, but all in all, it's been quite a lot of work. We hope you enjoy it." This is the main author of this mod, read in the readme: [quote] So how did I start? [/quote] [quote] In November 2015 I started watching the Roblox (ROBLOX) videos about the live streaming application twitch.tv/ (squirrelchan.us). In one of these videos they showed how they could add "GTA style" objects in ROBLOX based on the Eu4's (ENB) vehicle file. Well, I wanted that so badly, so I tried to do it myself, but I failed completely. I tried to do it by hand. I thought I could just open the vehicle file and try to replace the.nex files to do my own modifications (or anything). And then I discovered the game files structure, just like the.bsp editor tool does. I tried to do my modifications by hand and failed, so I just started doing it visually. When I started I just wanted to change the textures of the vehicles, but it quickly grew. In the beginning I did it all by hand, but then I started teaching myself how to do it visually and I've been learning a lot of new things, especially in 3D modeling. So basically, this mod started as me showing
