Created by the developers based on extensive research and data collected from real players, this new way to control on-screen actions provides accurate and responsive gameplay that you've never experienced before. KEY FEATURES: Authentic ball physics and controls - Featuring new "HyperMotion Technology," FIFA 22 delivers a fluid and accurate experience. Feel the ball in your hands, deceive players with flick-ups and control how the ball behaves with the new Touch Control System and dribble. - Featuring new "HyperMotion Technology," FIFA 22 delivers a fluid and accurate experience. Feel the ball in your hands, deceive players with flick-ups and control how the ball behaves with the new Touch Control System and dribble. New control system - Set up play with the new "pass" and "shot" control

system, enabling fluid on-the-ball gameplay by making it easier to “pass” and “shoot” precisely as you want. – Set up play with the new “pass” and “shot” control system, enabling fluid on-the-ball gameplay by making it easier to “pass” and “shoot” precisely as you want. New generation of players – Compete in FIFA 22 as any of more than 1,800 new player models, including the likes of Lionel Messi, Neymar, Eden Hazard, Héctor Bellerín, Kylian Mbappé and Kim Källström. – Compete in FIFA 22 as any of more than 1,800 new player models, including the likes of Lionel Messi, Neymar, Eden Hazard, Héctor Bellerín, Kylian Mbappé and Kim Källström. Real player likeness – In the game, the new Generation Autopitch feature maps a range of 22 professional footballers’ movements onto a 3D model of the player to give you the best on-screen action. – In the game, the new Generation Autopitch feature maps a range of 22 professional footballers’ movements onto a 3D model of the player to give you the best on-screen action. Complete, high

intensity gameplay – Experience complete, high-intensity football gameplay in FIFA 22, powered by “HyperMotion Technology”, as the game recreates the action of a real-life match. – Experience complete, high-intensity football gameplay in

Features Key:

- International teams – The true world of football comes to life thanks to over 450 real-world players and their individual talents. Reveal their strengths and weaknesses when you re-draft one of your teammates and switch tactics across the world’s best leagues, with over 20 authentic kits and change them to suit the style of play.
- Ultimate control – Use three different control schemes – Pro, Normal, and Smart – to adapt FIFA 22 to your favourite style of play.
- New Control Scheme – Master your tactics in the new Control Scheme mode, the most accurate way to get the most out of your team in any league in your favourite game mode.
- Customise your club’s style – The youth academy is back, introducing Real Play. Engage your role as coach by hand-picking the talents of over 80.000 technically-trained players and take them through your own personalized, enhanced training sessions so they can take on the world of football. With training exercises and more, it’s never been more realistic, more fun and more exciting than ever before.
- Massive new stadiums – Upgrade your stadium to raise your team’s Power total and improve your club’s standing in more than 200 stadiums from more than 20 leagues around the globe.
- New 3D cheats – You’ll jump, float and take unreal dribbles. Go into stoppage time with a goal break, slip your way past defenders or dive through an on-rushing goalkeeper.
- Dynamic seasons – The new FUT Season Pass means you never have to worry about an unfinished league challenge. Enjoy all the perks, benefits and rewards without having to grind out the points, except for when you really want to play through your league challenge as a toon during the changing seasons.
- Trophies & Achievements – Improve your team, earn trophies, and unlock them to celebrate your success. Finish as many challenges as you can to unlock the best in virtual FIFA experience.
- New Clubs Feature – A new way for you to get to know every team in the virtual world. Every club has their own unique features and how to help you progress in each unique environment, including the new Pre-Seasons available.
