Luca Bertolini, Bernhard Elsener, Pietro Pedferri , Elena Redaelli, ... and chemical engineering G. NattaPiazza Leonardo yes Vinci 3220133 Milan, Italy. At the end of the 18th century, the chemical industry rapidly developed in Western Europe, which was largely stimulated by the growth of cities and the formation of market relations in them. Along with the development of chemistry in the country, the need for high-quality mineral paints and varnishes is growing. In Russia
