

rockman's current research focuses on economic and cultural political economy of labor and slavery. recent research projects include analysis of labor markets in the antebellum south (with a particular focus on the impact of slavery on wage and compensation), the effect of slavery on the development of a southern industrial labor force, the history of radical abolitionism, and the emergence of the american labor movement. he is currently

---

working on a book project on the social life of the early u.s. labor movement. an expert on the history of slavery and the transition to wage labor, rockman has lectured widely on slavery, the civil war, and labor history. he has received fellowships from the new york public library and the american philosophical society, and is a member of the american society for the study of labor history.

directions to spencer rockman complex from route 8 take route 8 east to exit 3a. exit to a right turn onto pine grove ave. proceed to the end of the road. turn left onto route 287 north. take route 287 north and exit at route 27 south (exit 2b). proceed on lincoln highway/route 27 about 1.5 miles and turn right onto plainfield ave. (look for sam ash, lighting store, sign for nj motor

---

vehicle inspection station.) follow plainfield ave under train bridge and turn left at the light(kilmer road). proceed app 1mile through two traffic lights and complex entrance is on the right cliff prescod lane(across from motor vehicle inspection station) fields are on the left mile up the road. the spencer rockman class trainer will teach you everything about the spencer rockman class so you can reach rock level 26 and beat the stage 1 boss. the trainer will teach you everything you need to know to complete rockman x4, including his class moves. use the trainer to learn some basic moves and get some easy experience. you can skip to a later lesson at any time with the trainer's skip button, or go right to the next lesson at any time by hitting the up

---

or down buttons.

### **Rockman X4 Class Trainer**

the zero buster can be upgrade into a new spirit of zero with a level 99 buster upgrade. when he reaches level 99, he will transform into zero with his z-saber. it is a primary attack spirit under the legendary class. prior to his debut in mega man x , zero was alluded to in blueprints during bass'endings in both mega man: the power battle and mega man 2: the power fighters, where it is revealed that zero was created by dr. wily to be his most advanced robot yet, far outclassing proto man. however, an error in zero's cognitive programming turned him violent and insubordinate, forcing wily to seal

---

him in a capsule. zero wouldn't awaken until the early 22nd century, where his capsule was discovered by reploids - advanced robots with free will and morality. once awakened, zero destroyed the reploids and any intruders who entered his hiding place, getting him labelled as a maverick - a term for reploids that have turned feral and betrayed humanity. his violent actions eventually attracted the attention of 17th elite unit commander sigma, who challenges zero to a 1-on-1 fight; though zero initially gains the upper hand, he is ultimately defeated when he begins to experience great pain after the gem on his head begins to glow with a w symbol. sigma shatters the crystal, but it inadvertently infects him with zero's maverick virus. zero himself

---

eventually awakens from the attack with no memory of his previous actions. after careful observation and surveillance from sigma, he is recruited into the maverick hunters. a spirit of zero with his zero buster is available in the base game. it is a primary attack spirit under the advanced class. his spirit battle uses a red mega man, with increased power on his energy-based attacks (a reference to the zero buster being typically stronger than x's mega buster), and is assisted by zero himself in a stamina match. the stage is the battlefield form of big blue (a reference to central highway from mega man x) and the song that plays is x vs zero. the zero spirit is also enhanceable; when it reaches level 99, it will transform into zero with his z-saber. it is a primary
