in the lyrics to the track, future hits back at his ex-girlfriend, larsa pippen. the track also references scottie pippen, who was married to the nba legend at one point. pippen, who is on the verge of a coaching career, is an assistant coach at the university of tennessee.[rhymetimes]i put it on, no stylist can dress megot some hitters and they take my directionleft, right, right, left, they steppin'knock a nigga block off, tetrisshe eat it up and clean it when she donetussionex pikachu, pokmon (woah)i'm on yellow yellow by the toni go federal, fed, ex-conwe got the 'bows, same number lebronif i don't know him, i'm charging him kobei'm riding around with the fn loaded (now)i'm my security, that's why i tote itsoon as she met me, requested a rollican't even give her a chuck e. cheese tokenblowing my high, leave me 'lone when i'm 'dopingthrowing me off, look, baby, keep focused (go)ice cream, they gon' push up (bah)turn his brains to a fruit cup (fuck him)made the news, now you juiced up (famous)i'm paid in full, not a poo-putt (mitch)i don't even care what they doin', i'm winnin' (i don't care)carousel with the bag, i'm spendin' (i blew it)eat the dick with two hands, she twist itbring me the mouth when i miss it (ugh) gotti has always been the brains behind the operation, but the host on 2 federal and the sole guest on 2 heartless, the 35-year-old moneybagg yos rise is equally impressive. for a recent graduate of mississippi state university, his first single off 2 heartless, the crystalline single laser, with quavo, is a pleasantly surprising highlight. meanwhile, the thudding candy features a punchy hi-hat that recalls the cadences of schoolboy q and the staccato piano lines that help make broccoli a classic. its the work of a rapper with a solid grasp of the classic stylings of the genre, and a modest fan base eager to see if he can actually deliver on his hyperbolic promises. its a worthy follow-up to federal 3x, which, despite a few missteps, was a quintessential piece of the album cycle that ended last summer.
